**Subject:** RE: ACTION: Port Daily re: Chemours

It looks to me like that's the correct facility. Both our ECHO database and (OEI's?) Envirofacts have lots of info about DuPont/Chemours permits (you need to expand the "facility/system characteristics" tab in the ECHO site entry to see that info). I will talk to our data folks about what the discrepancy might be with the facility name—my guess is that it's information the facility itself reports to the state, which then automatically populates our data systems.

ECHO page: <https://echo.epa.gov/detailed-facility-report?fid=110000559609>

Envirofacts: [https://oaspub.epa.gov/enviro/fii\\_query\\_dtl\\_disp\\_program\\_facility?p\\_registry\\_id=110000559609](https://oaspub.epa.gov/enviro/fii_query_dtl_disp_program_facility?p_registry_id=110000559609)

Thanks,  
John

Hi Enesta,

If this is a request for the NPDES permit, he should contact the state. Or is this a different permit?

Dawn

**Subject:** ACTION: Port Daily re: Chemours

Hi All,

Who can help with this one?

**Reporter:** Ben Schachtman

**Outlet:** Port Daily

**DDL:** 2 p.m. today

A second question, which arose yesterday, I also hope you can help with. I can't seem to find Chemours (The Chemours Company, Fayetteville Works) in the EPA database of facilities. Our local/regional water company recently filed a FOIA for the company's permit - NC0003573 - but when I looked that permit up, it's a Japanese company, Kuraray. I'm hoping you can help me get to the bottom of this!
